EXPERIENCE

Linnium Technologies – Freelance Web Developer & Consultant   Sep 2024 – Present
Remote (Self-Employed)

- Provide end-to-end digital solutions for small to medium-sized businesses, including website design, development, and branding.
- Build and maintain websites using HTML, CSS, JavaScript, React or Website Builders with custom code.
- Create brand identities, logos, product mockups, and marketing materials to support client growth.
- Manage ongoing website maintenance, performance optimization, and content updates.

IBC Traffic – Web Developer Intern   May 2024 – Aug 2024
Remote

- Led a solo website redesign project, collaborating directly with senior leadership to gather requirements and improve user experience, accessibility, and conversion flow.
- Rebuilt and modernized the corporate website, improving navigation, accessibility, and usability, leading to a more streamlined job application process.
- Implemented key features including an online job application system, resume upload, contact forms, and integrated email/social media links (Facebook, LinkedIn, Instagram).
- Conducted user testing to refine UX and functionality through iterative feedback.

EDUCATION

The University of Tennessee (UTK), Knoxville, TN   *Graduated,* May 2025
